Job Fair Lab
CSC 300 Fall 2009

The Cal Poly Fall Job Fair is Wednesday, 9:30 AM to 1:30 PM.

A schedule of some of the info sessions and talks may be found at acm.calpoly.edu. SWE/WISH may also be hosting info sessions so check their websites for more events.

Part A:

Attend the job fair with your updated resume!

Next, attend a company talk during job fair week. Write down the company and presenter name as part of your submission. There's nothing else to do or write for this part, just go learn about a company.

Part B:

Pick a company you currently work for or would like to work for and research their ethics policies. For example: Do they have a code of ethics? Do they adhere to the SE Code of Ethics? What are their policies on discrepancies in their code of conduct? Do they offer an anonymous way to report ethics violations?

Write up a one (or more) page double-spaced summary of your findings.

If any part of this lab is unclear, please email or IM the current TA immediately. Do not simply say later "well I didn't know _____".
